OUR EDUCATIONAL GAMES

LEARNING THROUGH ART AND PLAY!

Lalita's Art Shop's mission is to awaken and nurture children's imagination by introducing them to the wonderful world of visual arts.

Through play, children will discover, learn and build a better perception of themselves and the world in which they live.

At Lalita's Art Shop, we create educational games that give children the opportunity to discover new ideas and learn new concepts, all while having FUN!

For a more diverse imagery and point of view, we have reached out to amazing artists with different backgrounds to create original artworks for our games.

OBJECT OF THE GAME: Be the first player to find the most characteristics which unite the items illustrated on the OBJECT cards and to find the most differences which distinguish them!

A game of creative associations that helps develop your ability to make connections, exercise more abstract judgment, and see an object beyond its form, colour or utility.
